Holden Engines

The Holden V8 engine is an overhead valve (OHV) V8 engine that

Read Free Holden Engines

was produced by the Australian General Motors subsidiary, Holden between 1969 and 2000. The original design came from AMC in the USA, it was used in international harvesters and some AMC branded vehicles etc, however it was never considered a performance engine, nor was it popular in the USA.

Wikipedia

Holden began assembling the compact HA series Vauxhall Viva in 1964. This was superseded by the Holden Torana in 1967, a development of the Viva ending Vauxhall production in Australia. Holden offered the LC, a Torana with new styling, in 1969 with the availability of Holden's six-cylinder engine.
